GIS ANALYST

Engineering Systems is a GIS consulting firm specializing in Municipal GIS applications for over 16 years. With offices in California and Virginia, Engineering Systems is expanding and seeking to augment its GIS staff. ES offers unique opportunities for the right person to establish their professional careers within the company, work in an exciting and varied environment, and produce Enterprise-based products for our clients.

ES is currently searching for entry-level GIS Analysts with the following qualifications:

- Degree in Geography, Life Sciences, Civil Engineering or related field
- Ability to work independently and take initiative
- Willing to learn
- Excellent communication skills
- Ability to interact with clients and work as a team player
- Available to start immediately

Additional desirable skills:

- Experience with ESRI suite of products

ES offers competitive salaries and benefits.

If you are the type of person who enjoys a challenge; is willing to travel; has a passion for GIS; thrives on solving problems; works well in a team environment; and lives to push your skills and knowledge to the limit; we invite you to submit a resume to:

Engineering Systems
Wells Fargo Center, KPMG Tower
355 South Grand Avenue, Suite 1650
Los Angeles, CA 90071
